

MONTHLY FINANCIAL MANAGEMENT REPORT AS AT END NOVEMBER 2023

(9/1/3/6)

Cluster : Finance
Portfolio : Financial Management

1. PURPOSE

The purpose of the report is to reflect the financial position of the Municipality for the month of NOVEMBER 2023.

2. OBJECTIVE

The objective of this report is to assist Council to exercise their oversight function to:

- a) Make rational decisions about the allocation of resources;
- b) Assess the current provision of services, as well as the sustainability of future service delivery;
- c) Assess how officials have discharged their accountability responsibilities;
- d) Ensure transparency in respect of the municipality's financial position and operating results;
- e) Assess the performance of the municipality measured against preset targets and objectives;
- f) Inform Council on how cash and other liquid resources were obtained and utilized;
- g) Assess whether financial resources were administered in accordance with legislative and regulatory requirements; and
- h) Promote comparative information for prior periods and actual results against budgeted or planned results;

3. LEGISLATIVE REQUIREMENTS:

It is important for a municipality to report in order to comply with comprehensive legislative and contractual requirements, regulations, restriction and agreements. Effective financial reporting should therefore not only involve the presentation of bare financial facts but should also make provision for compliance issues, integration and interpretation. This will enable interested parties to readily comprehend the significant aspects of a municipality's financial operations.

This report is compiled as per the requirements of Sections 54 and 71 of the Local Government: Municipal Finance Management Act, 56 of 2003 (MFMA).

4. BACKGROUND

With reference to section 71 above, *"the accounting officer must by no later than 10 working days after the end of each month submit to National treasury and other spheres of government the NOVEMBER 2023 report of the municipality a statement on the implementation of the budget and the state of the financial affairs of the municipality"*

Financial reports are the primary means of communicating financial information to other interested parties. These reports are made accessible to the Executive for additional management and financial information that helps it carries out its planning, decision- making and control responsibilities, and therefore has the ability to determine the form and content of such additional information to meet its own needs.

Governance is built around the responsibilities of accountability and oversight requiring a culture of transparency and regular reporting. More detailed financial reporting to the Council will facilitate an environment in which potential or real financial problems are reported in time and in an appropriate manner to allow the council to remedy the situation.

The financial situation of the municipality as at end of NOVEMBER 2023 is indicated in the different schedules as listed below.

6. DISCUSSIONS

The discussions below are broadly categorized under items of financial position (balance sheet), items of financial performance (income statement) and cash flow, as well as other information of key importance such as Asset Management and MFMA Compliance.

6.1 Financial Position

The balance sheet of Council is broadly distinguished into "Assets" (what Council owns) and "Liabilities" (what Council owes) as per Generally Accepted Accounting Principles (GRAP). The difference between assets and liabilities is referred to as the "Net Assets."

The net assets of Council are primarily composed of reserves that Council has built up over the years. The nature of these reserves can be either ring-fenced for specific use only (non-distributable

reserves), or redistributable for other use as determined by Council. It must be noted that these reserves are non-cash items and Council's cash held as investments do not match these reserves.

a) Current Assets

Debtors Management and Credit Control Status for the month ending November.

The debtor's book balance of the municipality as attached in annexure A is R 2 119 325 less bad debts impairment R 2 092 154 resulting to R 27 171.

Bank reconciliation

Annexure "C1 – 4" indicate the bank reconciliations prepared for the month of November 2023 with the detail on the bank and cash book balances.

The Council has four operating bank accounts Account to be reported on namely:

- Two Primary bank accounts, and
- Two License bank accounts

Council is operating four primary accounts. Bank reconciliations are completed monthly within three working days after the end of each month.

The cashbook shows a favorable balance of R 23 375 536 as at end of November.

The remaining cash balance must meet operational requirements till end of November 2023, until receipt of the next equitable Share tranche due in December 2023.

b) Current Liabilities

Creditors' Age Analysis

Annexure "D" represents the creditors' age analysis of R 203 917 017 payable to the creditors in November 2023. An amount of R 124 557 502 is due payable to the licensing authority.

c) Net Assets

Reserves

The balance sheet of Council is broadly distinguished into "Assets" (what Council owns) and "Liabilities" (what Council owes) as per Generally Accepted Accounting Principles (GRAP). The difference between assets and liabilities is referred to as the "Net Assets."

The net assets of Council are primarily composed of reserves that Council has built up over the years. The nature of these reserves is that they are ring-fenced for specific use only (non-distributable reserves), as determined by accounting standards. It must be noted that reserves comprise of mostly accounting book-entries and are non-cash transactions. This implies that the reserves on the face of the financial statements do not equate to cash held as investments by Council.

As required by prescribed accounting standards (GRAP 01), only provisions are shown separately on the face of the Statement of Financial Position. All reserves are "ring-fenced" as internal reserves within the Accumulated Surplus. Ring-fenced reserves are as follows:

- Assets fair value reserve
- Government grant reserve (GGR)

These reserves not supported by cash but are only used for book entry purposes for the phasing in of increased depreciation charges as a result of the full implementation of GRAP 17.

According to GRAP standards, the GGR is created when the municipality receives government grants for the acquisition and/or construction of fixed assets. Once the conditions of the capital grant have been met, the funds are recognized as "revenue" (non-cash) on the statement of financial performance. This "revenue" recognized is then in turn transferred out of the Accumulated Surplus to the GGR on the Statement of Net Assets in order to offset the future depreciation of the property, plant and equipment in question. Hence, the reserve is committed solely for this purpose and cannot be utilized for any other purpose. This is referred to as the non-distributable portion of the reserves. Council must note that these are all non-cash entries.

The purpose of these reserves is to promote community equity and facilitate budgetary control by ensuring that sufficient funds (non-cash) are set aside on the accounting books to offset the future depreciation charges (non-cash) that will be incurred over the estimated useful life of the item of property, plant and equipment financed from government grants, public contributions or a (non-cash) surplus arising from the revaluation of property, plant and equipment.

Council must note that these are all non-cash entries performed only for compliance purposes in line with accounting standards prescribed by the Accounting Standards Board (ASB) and enforced by the Office of the Accountant-General.

d) Cash Flow

See Annexures "B", "C1-4", "E"

Essentially, the cash flow statement is concerned with the flow of physical cash in and cash out of the municipality as we collect monies owed by debtors and pay out monies due to creditors.

Annexure "E" is Council's cash flow statement which indicates the movements on the main bank accounts. The incoming receipts amount to R 29 466 444 outgoing payments were made to the amount of R 37 236 429. Taking into account the opening cashbook balance, this left a favorable closing balance of R 26 303 195 as end of November 2023 period, which shows a decrease margin from last month's closing balance.

Cost coverage indicator.

$$\text{The cost coverage formula} = \frac{(\text{All available cash at the end of the period in the cashbook}) + (\text{investments at hand less Provisions})}{\text{Monthly fixed operating expenditure}}$$

$$\text{The cost coverage formula} = \frac{R (23\,375\,535.75 + R0)}{R\,35\,252\,888}$$

$$= 0.66 \text{ TIMES}$$

The cost coverage of the municipality indicates 0.66 monthly fixed operating expenditure and shows that the cash flow of the municipality is unfavorable. Our cash formula on hand must cover at least until end of November 2023 as the next equitable share allocation is in December 2023. The formula does not take into consideration the contingent assets and liabilities whereby if taken into consideration this will indicate that the municipality is having a liquidity problem as identified in the AG reports of 2021/2022 as well as 2022/23.

6.2 Financial Performance

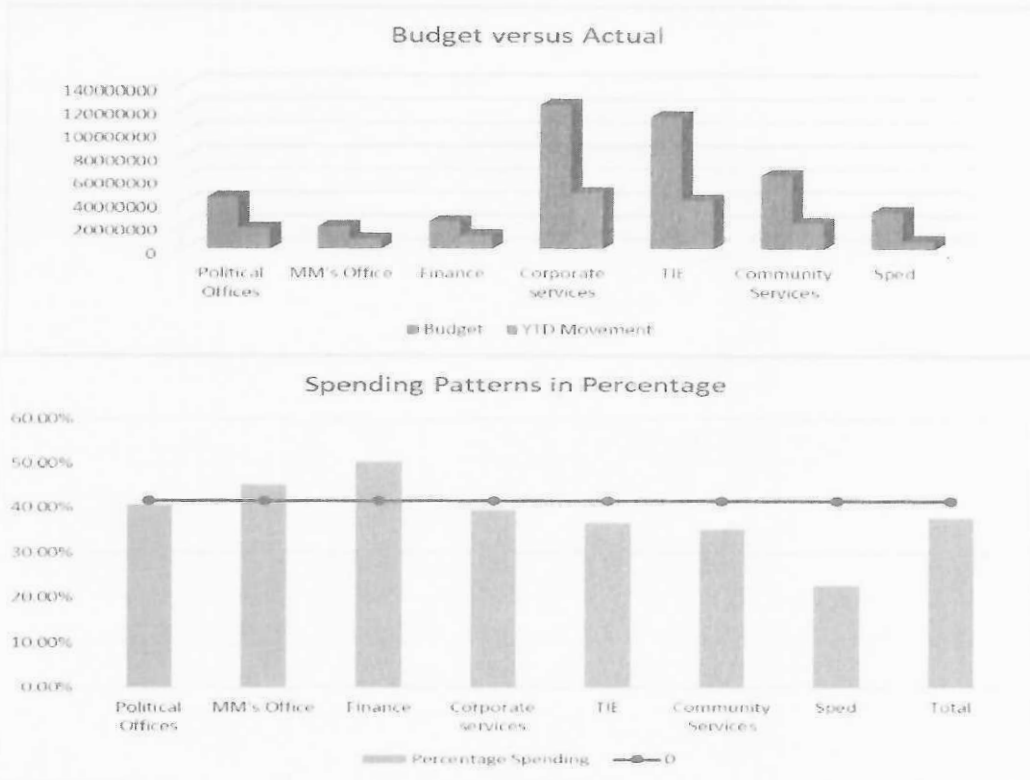

Financial performance shows the results of operations for the given period. It lists sources of revenue and expenses. The statement measures the performance of Council for a given period of time. Surplus or deficit is used to measure financial performance and directly related to the measurement of revenue and expenditure for the reporting period.

Operating expenses are incurred in the course of conducting normal Council business. They are classified by function such as employee related costs, general expenses, finance charges and contributions to provisions.

"See Annexures G, H & I"

Actual revenue and expenditure

Annexure "G" represents the organizational Operating Revenue and Expenditure which illustrates that R 9 301 676 was generated in revenue R 34 085 662 in expenditure.
