They hope that you will vote in your numbers on the 18th May this year to voice your wish for greater things to come.

Honourable MEC, we in Sedibeng are very thrilled with your attention to our Region. At this rate of your stay here in the District, we may just as well as look into providing you with a permanent address here. Your leadership as the Cabinet Collective of the Gauteng Province has always provided us with a beacon of light to guide us through challenges. Together with the Cabinet, the community of Sedibeng cannot stop talking of the good things you are doing for this region.

Nkgono Maloso Mamai in Sharpeville, at the ripe old age of 110, a former activist who survived the Sharpeville Shootings, cannot keep her happiness down after receiving her first house on the Human Rights Day this week. With you I have no doubt that the community of Mamello will also be afforded the opportunity to own their own houses soon.

It is as we prepare ourselves for the final lap towards the Local Government Elections, that we hope that the community of Mamello will do their duty to vote for change in this area.
