Sedibeng District Municipality  
Executive Mayor,  
Cllr. Mahole Simon Mofokeng.

It is as we enter the New Year and on our quest towards a **Vaal Metropolitan River City**, that the Sedibeng District Municipality invites the communities of Evaton, Sebokeng and the **entire Sedibeng Region to commemorate the 21st Anniversary of the Sebokeng Night Virgil Massacre** which came about as a result of our final onslaught on the previous racist regime.

**In honour of the fallen heroes and heroines** on that fateful night, Sedibeng District Municipality will once again be marking this event on the 12th January 2012.

This event will this year be observed to give respect and applaud the gallant and selfless acts of our youth and communities in rising above the attempts to distract us from the liberation programme through ruthless vigilantes.

It is as we move towards the Centenary of the ANC that the rich history and heritage of our communities will be acknowledged, recorded and given its rightful place in the annals of this country.

As our contribution to this recording, **I invite all communities to join me and the Sedibeng District Municipality to make this important milestone a success.**

**“Towards a Vaal Metropolitan River City”**
